

Zain Al Faisal

FULL STACK DEVELOPER · MERN STACK · NEXT.JS

Bangalore, India 9744145679 zainal45679@gmail.com [LinkedIn](#) [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Developer specializing in **MERN Stack** and **Next.js** with 1+ year of hands-on experience building scalable web applications. MCA graduate (2024) with strong expertise in developing real-world e-commerce platforms, implementing secure authentication (JWT, OAuth), and integrating payment systems using **Stripe**. Experienced in designing **RESTful APIs**, building role-based **admin dashboards**, and delivering high-performance, user-centric applications.

TECHNICAL SKILLS

Languages	JavaScript	Python				
Frontend	React.js	Next.js	Tailwind CSS	Bootstrap	HTML	CSS
Backend	Node.js	Express.js				
Database	MongoDB	MySQL	PostgreSQL			
Tools	Git	GitHub	Postman	VS Code		
Other	REST APIs	JWT Authentication	OAuth (Google Login)	Stripe Integration		

WORK EXPERIENCE

MERN Stack Developer Intern <i>Urbanhub Innovations · Kannur, Kerala</i> - Developed full-stack web applications using MERN Stack and Next.js - Built and consumed RESTful APIs using Node.js and Express.js - Integrated frontend with backend services ensuring seamless data flow - Implemented secure authentication using JWT and OAuth (Google Login) - Managed and optimized MongoDB databases for performance and scalability	Jan 2026 – Jun 2026
Freelance Full Stack Developer <i>Self-Employed</i> - Developed multiple web applications using MERN Stack and Next.js for diverse clients - Built 3–4 responsive static business websites with optimized performance - Designed reusable UI components improving development speed and usability - Implemented core e-commerce features including product listings and cart functionality - Collaborated directly with clients to deliver customized, requirement-driven solutions	Jul 2025 – Dec 2025
Data Science Intern <i>Datamites · Bangalore, Karnataka</i> - Performed data analysis and visualization using Python and related libraries - Conducted data cleaning, preprocessing, and exploratory analysis on real-world datasets - Built basic dashboards to present actionable insights and trends to stakeholders	Jan 2025 – Jun 2025

PROJECTS

Optical E-commerce Platform (Ongoing)

Tech Stack: Next.js · Node.js · Express.js · MongoDB · Tailwind CSS

- Developing a full-stack e-commerce platform with server-side rendering for performance and SEO
- Building a role-based admin dashboard to manage products, inventory, users, and orders
- Designing RESTful APIs for efficient frontend-backend communication
- Implementing secure authentication and authorization with JWT and middleware layers
- Optimizing application scalability and overall runtime performance

Clothing E-commerce Platform

Tech Stack: Next.js · Node.js · Express.js · MongoDB · Stripe API · OAuth · Tailwind CSS

- Developed a scalable full-stack e-commerce application using Next.js and MERN Stack
- Integrated Stripe payment gateway for secure, real-time online transactions
- Implemented OAuth (Google Login) authentication and JWT-based session authorization
- Built a feature-rich admin dashboard for managing users, products, and orders
- Optimized frontend performance with reusable component architecture

Learning Management System (LMS)

Tech Stack: React.js · Node.js · Express.js · MongoDB · Tailwind CSS

- Built a full-stack LMS platform for course management and structured content delivery
- Implemented role-based dashboards for Admin, Instructor, and Student personas
- Developed REST APIs for user management, enrollment tracking, and course progress
- Designed a fully responsive UI for seamless cross-device learning experience

EDUCATION

Master of Computer Applications (MCA)
Acharya Institute of Graduate Studies, Bangalore

2022 – 2024 | CGPA: 7.9

Bachelor of Computer Applications (BCA)
St Aloysius College, Mangalore

2019 – 2022 | CGPA: 7.2
